Planting pack  
eased to bay on that  
the squeaky-voiced little fel-  
lows who trail along in the rear have  
not yet discovered the proper trail and  
are still barking around on the wrong  
track.

Is it not about time that the long-  
talked-about maps of Kansas, showing  
Barton county as she is, were distributed?  
Notwithstanding the slanderous  
reports which have been circulated  
through the East to the effect that  
Kansas has gone up the flume as a  
booming state, there are thousands of  
sober-minded people who know that  
there is no truth in such reports, and  
who are making their calculations to  
come out this fall and take a look at  
the country. It behoves Barton to  
make an effort to at least call the atten-  
tion of these people to her advan-  
tages and resources, and we would like  
to see the original plan concerning the  
distribution of the above mentioned  
maps carried out.

If the Democrats of Barton county  
do their duty, their whole duty and  
nothing but their duty, they will carry  
the county in November. But they  
cannot afford to make blunders either  
in nominating a ticket or in conduct-  
ing a campaign. In the first place, the  
ticket should be a representative one,  
showing equal favor to all parts of the  
county. In the second place, every  
man should have individual strength  
which would add to the total strength  
of the whole. In the third instance,  
the campaign should be fairly under-  
way before the Republicans hold their  
convention. To sum it all up, it is the  
duty of the Democrats in the various  
townships to look about them and see  
if they have any timber suitable for  
any of the offices, and, if so, present  
their man to the convention. And after  
the convention every man ought to  
pull off his coat and go to work.
